Baby Bonanza! The Precious Club Clothing Review

When you're having a baby, there's one thing everyone needs to have by the dozen. Onesies. You can never have too many. But why settle for plain white or even unadorned pastels. Try something new and original. Try the great new line of products for baby fashionistas and pop culture lovers alike that are available at The Precious Club.

The Precious Club was nice enough to send me this adorable purple onesie in size 6 months for my review. It reads "Does This Diaper Make My Butt Look Fat". Considering how often I ask the same question about my jeans, I think that this is the perfect onesie for my little girl. I can't wait until she's here so I can try it on her. Its 100% cotton so it will be nice and cozy, and she will look so cute wearing it out and about this

summer.

The Precious Club has a unique selection of onesies and tees in sizes 6 months to 4T that are printed with fun and unique designs that you won't find anywhere else. And with prices starting at only \$16, they are extremely affordable. They come in a nice assortment of colors for both boys and girls, and they have an easy paypal check out system. Right now, they are offering FREE SHIPPING if you order three or more items from their store, so its a great time to check them out. To keep up with specials and other great offers, become their can on Face Book.
